Our Ref: NS1/16

Safe & Well – November 2018

To: All Branches

Dear Colleagues,

Please see November's edition of Safe and Well newsletter with contributions from our USRs and field teams.

A recent Red Alert is the main feature given the serious nature of it and it largely mirrors the information already provided to people.

Other articles include some recent ladder racking issues, looking at road safety week, a focus on PTSD, looking at accident investigation and some stats around injuries.

Yours sincerely

Dave Joyce
National Health, Safety & Environment Officer
