Marcus Dahlén – Deputy CEO, VP Security & Innovation at Swisscom Cloud Lab Ltd.

Marcus Dahlén is the Deputy CEO and VP Security & Innovation for Swisscom Cloud Lab Ltd. in Palo Alto, CA. The company provides services such as technology scouting and partner management in Silicon Valley to the largest IT service provider in Switzerland, Swisscom. In his capacity as VP Security & Innovation, he focuses on trend- and technology scouting for cybersecurity and emerging technologies for enterprise IT. Previously, Marcus worked for Swisscom in Switzerland responsible for security, IT risk and IT compliance in global IT outsourcing programs for the world's largest financial institutions. Prior to joining Swisscom, he worked for Deutsche Telekom's IT service provider, T-Systems International, as a senior security manager for their international customers in the financial industry. He has also worked as a security consultant for Accenture in Germany and Scandinavia. Marcus has a M.Sc. from The Institute of Technology at Linkoping University, Sweden.
