MyAberdeen Enhancements for November 2022

Hotspot Question Type

A hotspot question type has been added, with support for keyboard navigation (See Figure 1). Hotspot questions are not yet compatible with screen readers.

		10 points
* Write the question text		
Identify the sternum by dropping a pin onto the correct location within the imag	e.	
Add hotspots on the image to add answer options.	Keybo	ard controls
Add a Hotspot	S Erase Hotspots	💼 Delete all

Page Breaks in Tests

A new option to add page breaks has been added to tests. Staff can remove the page break by selecting it from within the test. Staff will receive a warning message if a conflicting setting is used which turns page breaks off (e.g. activating randomization).

Add True/False question		
Reuse questions		
Add text		
Add local file		
Add file from Cloud Storage		
Add Page Break

Test Auto-Save Enhancements for Lost Connections

Students are now notified if their internet connection is lost during a test (See Figure 3). If connection is not restored another warning will inform students that their most recent progress has not been saved. Another banner will appear to inform students when connection is restored.

Upload File to Ultra Documents from Content Collection

Files from the Content Collection can now be added to Ultra Documents (See Figure 5) including within the content editor (See Figure 6).
