Dear Businet members,

Let me introduce myself!

My name is Bojana (pronounced as *Boy-anna* 😊) and I've been working in the Higher education industry for the past 10 years.

I've graduated from the University of Belgrade (both BA and MA studies), Faculty of Philology, majoring in Italian language and literature, with minor in English.

My fields of expertise include International relations, foreign language teaching, Erasmus+ programme (and previously Tempus), with a special emphasis on Mobility and Capacity building in Higher Education projects.

I am currently employed at Singidunum University, the largest private University in Serbia, where I teach Italian language and I work as International Relations and Erasmus+ Coordinator.

I am very excited to apply for the vacancy of Businet Board Member, because I truly believe I can contribute to the promotion of Businet Network, its strategic goals and interests in Serbia and WBC region, and, at the same time, help my home institution expand its international network of contacts.

Thank you for your consideration!

Kind regards,

Bojana
