

Stay connected

Connectivity and accessories

Hear your best in more situations

Get the most out of your hearing experience to clearly hear the TV, phone calls, and through the noise. Great connectivity options are at your fingertips.

Improve TV time

In challenging listening situations like TV time with your family, it's great to have a little extra help.

TV-Streamer+

The new TV-Streamer+* gives you immediate speech clarity and streams the sound from the TV to your ears at your preferred volume.

If there are multiple hearing aid users in the room, you can also enjoy sound together by easily connecting to the TV-Streamer+, streaming the audio to each of your individual hearing devices.

TV Link 2

Get the sound straight to your hearing aids with the TV Link 2 for clear audio at your preferred volume.

TV-Streamer+

TV Link 2

*TV-Streamer+ is compatible with Beltone Serene™ only. For all other wireless Beltone hearing devices we recommend the TV Link 2.

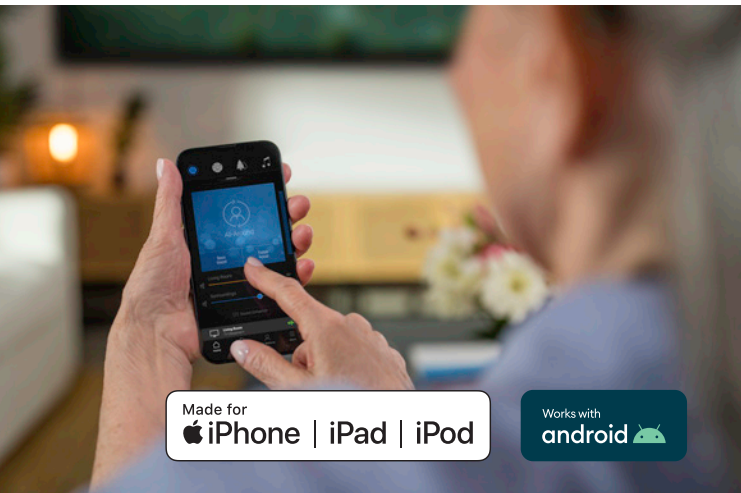

Crystal clear phone calls

Stay connected wherever you are with crystal clear phone calls. Enjoy hands-free calls from the newest mobile devices when your hands are full and use your hearing aids like a wireless headset.

Made for iPhone and iPad

Connect your hearing aids to your iPhone or iPad. Make calls hands-free* and stream music, videos, or other audio directly to your hearing aids and use the iPhone or iPad to control volume or change programs on the hearing aids.

*Hands-free calls work with Beltone Serene, Beltone Achieve and Beltone Imagine and are compatible with iPhone 11 or later, iPad Pro 12.9-inch (5th generation), iPad Pro 11-inch (3rd generation), iPad Air (4th generation), and iPad mini (6th generation) or later, with software updates iOS 15.3 and iPad iOS 15.3 or later.

Made for

 iPhone | iPad | iPod

Works with

android 

Connect to Android

Use your Android device to stream audio to your hearing aids or control volume and other settings via the Beltone HearMax™ app. Get new audio possibilities for Android devices with the new Bluetooth® Low Energy Audio technology, enabling a future ready connected experience like hands-free calls*.

To take calls, just double-tap on your ear

Answer calls via your Beltone Serene hearing aids – just double-tap on your ear or one of the hearing aids when you want to answer the call.

Phone Link 2

If direct streaming is not possible, use the Phone Link 2 for crystal clear phone calls, mute background noise while you talk, or stream music, podcasts, or any audio from your phone.

Phone Link 2

*Compatible with Beltone Serene and compatible mobile devices with Bluetooth 5.3.

Control at your fingertips

Take control of your hearing when you need it for instant hearing clarity or comfort – even in noisy situations, you can easily focus on conversations.

Beltone HearMax app

Use the Beltone HearMax app on your mobile device to take control of your hearing and adjust volume or change programs to focus on what you want to hear.

Remote Control

At the touch of a button, the Remote Control and Remote Control 2 give you control over volume and program settings. The latter also gives you access to all your settings and connections on the device's display.

Remote Control 2

Cut through the noise

In extremely noisy situations, it can sometimes be difficult to clearly hear what someone is saying in particularly noisy environments. So, when you cannot hear through the noise, there is help at hand with remote microphone solutions.

Remote microphones

The MyPAL Micro and MyPAL Pro enable you to hear more of everything. The voice of a loved one, a teacher, a colleague – whether you are in a noisy place or far away, you can hear them clearly. Simply hand the microphone to the speaker and have the voice streamed directly to your hearing aids.

Connect the MyPAL Micro or MyPAL Pro to any Beltone wireless hearing aid and feel confident that you won't miss a beat in the conversation.

MyPAL Micro

MyPAL Pro

Learn how to wear your hearing aids correctly, personalise your sound experience, and request assistance from your hearing care professional with the Beltone HearMax app.

At Beltone, we understand that your hearing is as unique as you are, and we take pleasure in helping you enjoy a hearing experience tailored to you. Experience what life can offer you with Beltone. Time spent with loved ones can make you feel ready to take on the world again.
