

# European Hydrogen Financing Forum (EH2FF)

HYDROGEN EUROPE AND TECH TOUR  
PRESENT THEIR FIRST-EVER EUROPEAN  
HYDROGEN FINANCING FORUM 2022 (EH2FF).

The event features multiple rounds of live and online sessions where key players along the hydrogen value chain

will have access to 60 of the most ambitious hydrogen projects seeking strategic funding and partnerships.

## ***Why join the European Hydrogen Financing Forum 2022:***

- **Meet** the most ambitious hydrogen projects and the most active 100+ invited-only financiers, corporations, clusters and advisors
- **Interact** on your opportunity and gain valuable contacts, insights, meetings and peer recognition
- **Benefit** of the digital platform and live/online event sessions of an invitation-only collaborative network

## ***What are your benefits:***

- **Present** the activities and focus of your company onsite in Antwerp, Belgium on 22-23 June.
- **Network** freely with dynamic fellow entrepreneurs, venture capitalists, government, corporate and financial specialists.
- **Schedule** One2One meetings onsite with participating investors and companies.
- **Be a part of** inspiring and exciting keynote speeches and discussion panels.
- **Participate** in Online Project academy: Dry-run your pitches with leading experts in the field to gain valuable feedback on the most effective presentation style to maximise your impact.
- **Get visibility** on the Forum website and during all sessions.
- **Free** of charge participation if you are among the top 60 selected projects.
- **Attend and present** at Tech Tour's flagship event Future 23 and pitch in front of 1000+ investors, corporates and players active in different tech areas if you are one of the award winners of EH2FF.

# European Hydrogen Financing Forum (EH2FF)
