| 1 | ARTELIER C | Tom | Claeys | https://www.artelierc.com | Our spearhead collection is Haute Couture Carbon: lighting creations with carbon fibre ribbons that combine different shapes by hand, e.g. a classical lampshade in a sphere. The result is a semi-transparent artistic reference with a high WOW!-factor. Elegant, visually and technically surprising. Electric wiring is invisible. Highly flexible customisation possibilities allow to integrate the creations in size, shape and colour into the interior concept, or to let them flow through different rooms. Carbon is ultra light and extremely strong. |
| 2 | BONRILL | Thomas | Vandromme | https://www.bonrill.be | BonRill brings a fresh breeze to the world of Charcuterie, fine Food and veggie spreads, while staying true to its rich history. BonRill is now in the hands of the 5th generation of a family from Ypres, Belgium. After Guido Vandromme, 3rd generation of a butcher's family, tasted rillettes during his vacation in France, he carefully developed his own personal recipe for rillettes. To this day, the production process remains artisanal and local, while the distribution is global. In a constantly changing world, we keep on innovating. We missed that great taste, texture and quality in most of the veggie spreads that are now for sale. So we decided to do better and develop our own veggie spreads based on oyster mushrooms; BonRill Finest Veggie. |
| 3 | E-POWER INTERNATIONAL | Milan | Devogelaere | https://www.europowergenerators.com | E-power develops, produces, sells and maintains generating sets from 1 to 600kVA. This allows us to create specialized features for the industry. Our main customers are exhibition organisers, congress organisers, event organisers, venues, general contractors, stand builders managing pavillions/group stands. |
| 5 | GLOMARKET / RIBCAP | Nico | De Wilde | www.ribcap.com | Belgian company specialized in the development and production of fashionable and functional protective clothing with a focus on head protection. We make protective head gear that is ACTUALLY WEARABLE. Our modern designs fit with any lifestyle and provide a unique 360° protection without the stigmatizing, "hey look at me I'm wearing a helmet" bulky solutions we used to know. 64 million people suffer a head injury each year, that means 2 hospitalizations per second. We protect your head. You keep your style! Before Ribcap style and safety never came together. Injuries from falling, bumping were more likely to occur, simply because helmets were too inconvenient for daily use. We came to change that with our unique soft protective beanies and caps. Revolutionizing the adaptive fashion industry, Ribcap is on a mission to change the lives of the fall risk community while promoting an active lifestyle without any barriers or stigmatization. |
